

Greenwood Cultural Center Family Learning Series Week 7

Family Time

As we remember the 1921 Tulsa Race Massacre, we invite parents to help their children to memorialize what they have learned through this series. After discussing the vocabulary terms, as a family, consider creating a booklet or an artistic piece (i.e. poetry, painting, dance etc.). The piece should express you and your children's feelings about the events of the massacre and/or your thoughts about current race relations in America.

We invite you to post your family's reflections on the Greenwood Cultural Center Facebook page!
